

Huynh Anh Tuan - 01/06/2002

District 7, Ho Chi Minh City | 0848122611 | huynhanhtuan02.tv@gmail.com

Overview

As a Computer Science student, I aspire to learn more practical skills as well as experience working at businesses. I am particularly interested in the Fullstack Engineer as it aligns with my technical background and career aspirations.

I am very excited about the opportunity to immerse myself in a professional work environment where I can continuously learn and stay updated with new technologies. Moreover, I am eager to contribute substantial value to the business by applying my knowledge and abilities effectively.

Educations

Ton Duc Thang University

- Major: Computer Science.
- Degree: Expected to graduate.
